ALEXANDRA MARRERO

Alexandra Marrero is an award-winning Puerto Rican artist living in Atlanta. She is known for her digital photo-illustrations through which she combines her two passions: digital art and photography. She started her journey as a self-taught graphic designer and photographer, and quickly developed her skills while pursuing her Master of Fine Art degree at Savannah College of Art and Design, which she finished with high honors. Her work has been published and exhibited in the US and internationally.

Through her surreal photo-illustrations, Alexandra explores introspective moments that depict the emotional search for self-fulfillment, inner peace, enlightenment and beauty, and the way that this search guides us towards a limitless view of ourselves.
